

anticipates the potential for this trend to continue through the end of the current Summer Period. However, FGT is precluded from automatically decreasing any further its base FRCP of 3.46%, accepted in Docket No. TM98-4-34-000 effective April 1, 1998, because the flex adjustment of <0.50>% accepted in Docket No. TM98-5-34-000 is the maximum allowed pursuant to Section 27.A.2.b of FGT's Tariff.

As a result, FGT is filing herein to reestablish its based FRCP at 2.96%. Approval of the instant filing would provide FGT the opportunity to make a downward flex adjustment at least seven days before the September 1, 1998 effective date in the event FGT deems it prudent to lower its FRCP further to mitigate operational problems experienced as a result of the over recovery of fuel and to minimize the balance of the deferred fuel account to be resolved in the next Summer Period. Also, if conditions warrant, FGT would be able to flex up from the new base FRCP to a maximum of 3.46% if unanticipated under recoveries of fuel occur.
